***Where LEADERS ROAR!
Respect, Opportunity, Acceptance, and Resilience***

The deadline for families to complete middle school and high school applications has been extended to December 14.

- All fifth and eighth grade families who have started an application but not ranked choices or submitted their application will receive an email inviting them to submit.
- All fifth and eighth grade families who have not started applications will receive automated phone calls and emails inviting them to apply, and to go to their current schools to obtain a MySchools access code, or for support in submitting an application. At PSIS 30 please reach out to Jhouston@schools.nyc.gov.
- Each elementary and middle school will get a phone call from the Office of Student Enrollment Outreach Team. On this call, you will have an opportunity to flag any
- questions you have about MySchools or with the application process overall.
- We will continue to address questions in the MS Admissions “How to Use MySchools” Guide and HS Admissions “MySchools Guide”, which are updated on an ongoing basis.
